Chantal, I think you sent me some slides earlier and I apologize, but that did not get to Brandon with the chaos of this morning and I didn't see a PowerPoint slide attached with your e-mail. Perhaps you could try sending that again? I assume it contained information about the NRC workshops.

Hi all –

These look great! Thank you so much for the quick turnaround on these. We've all looked at them on EPA's side, and the only question we have is: do you plan to include the NRC market development workshops in the presentation? That is what's listed as the workgroup's priority action in the Framework, so even if there isn't a slide on the workshops (and there presumably isn't time at this point to make one!), we're hoping you're planning to talk about them.

I'm good with this version if others are.

Hi Susan,

Thanks so much for pulling together these slides. I've made a couple of edits to the Contracts BMPs since it's not a full partnership project with other trade organizations but rather they provided input.

All else looks good to me!

Best,

Liz

Greetings all,

Attached are a couple of proposed slides for the Markets Works Group Presentation tomorrow.

- **Liz**- thanks for the information. Please let me know if you have specific edits for this....
- **Chantal** – feel free to add your slides to this deck... probably at the beginning?
- **EPA staff** – please let me know if this works. I assume that you will create a final presentation deck?

I can edit this morning.

Thanks,
Susan
